Planting Seeds

Hello Lions,

As we begin a new Lionistic year, it is important to reflect on the things that are important to each and every single one of us: our service, our clubs, our communities, and the fellowship we share together as Lions. The last several years have been tough -- not just on our association, but the entire world as a whole. We have managed to charter a course through the rough times of a global pandemic thanks to the incredible leadership shown by Lions at every level of leadership in our association, whether it's that of the club, district, multiple district, or international level. The Lions of Delaware have continued to serve no matter what challenges we have faced.

As we begin to emerge from these troubled times, we find ourselves standing at a crossroads facing some questions that we need to answer in order to determine the fate of Lionism in the state of Delaware. What will the next 5, 10, 15, 20, or 25 years look like for District 22-D? Who will be the leaders stepping up to help guide and lead us into the future? Are we planting proverbial seeds that will blossom into new clubs, innovative service projects, or imaginative fundraisers? Are we just surviving, or are we actively working to ensure that our clubs are thriving? Are we willing to look beyond the borders of our own clubs and put in an effort to try and revitalize Lionism as a whole within our state? With three clubs closing their doors last year, are we willing to do what it takes to ensure that we end the year with more clubs and members than we started? I wish with all my heart, mind, body and soul that I knew the answers to these questions. Unfortunately, I do not...but I am willing to work as hard as I possibly can to serve alongside you to try and find the answers.

DG MESSAGE - CONTINUED

I have faith that if we work, learn, and serve as a team, together we can accomplish anything we set our minds to. There's not a single Lions club or district in the world that couldn't use new and motivated members. However, the issue of declining membership is not a problem that any one Lion can solve. Together we can make a difference. Together we can help spark a revival of Lionism within our state. Together we can do the seemingly impossible. So long as we are willing to put in the effort and try, we will be successful. I believe in District 22-D. I believe in each and every single one of you. I am truly grateful to all the Lions who have stepped up to serve on the cabinet this year. I am extremely thankful for the incredible Lions who served alongside Immediate Past District Governor David Mitchell as well. Both he and his cabinet helped set us up for success this year. We've got an amazing team whose members are ready to work and serve to the best of their abilities. If you're not on the cabinet this year, then there's only one person missing on this team: you. We can't do it without you.

We have a long road ahead of us, but we will walk that path together. As District Governor, I am here to support and serve you all in whatever way I can to ensure that we succeed at all of the goals we set for ourselves.

We will serve. We will plant new seeds in the Garden of Lionism, and most importantly, we will have fun along the way!

Please stay tuned for news about ways we can serve together, learn together, and grow our membership together.

There is going to be a combined club revitalization training, a recruitment seminar, and a new club development workshop coming at the end of the month of August. Once the details have been finalized, I will make sure that you all have access to that information. I hope to see you all there!

Together we can grow our service.

Yours in Lionism,

Lion Daniel Marney Elkins

VDG TOMMY LU'S MESSAGE

Hello, Lions of 22-D:

Congratulations to DG Daniel. I know he will be a great District Governor and already I could not keep up with him. He is everywhere and just to follow him on FB is a challenge.

It is so excited and yet nervous to compose my first VDG message to the district bulletin. You would think that I must have read so many DG/VDG messages in the past years and I should be familiar and comfortable to write my own. Well, it was easy watching somebody else doing it until it is my turn. I hope with your help and advice, this monthly VDG message will be easier and easier and meaningful.

I must confess that I messed up my first duty by missing the LCI Convention in Montreal, Canada. For some reason, I had this convention in the last week of June/first week of July on my calendar when I booked my "use it or lose it" river cruise which was repeatedly rescheduled for two years.

I feel bad for not being at the LCI Convention to support DG Daniel when he was sworn in. During my campaign last year, I got so many supports and advice from PID Ted, PDGs, PCSs, PCTs, and Lions. One important thing besides membership and service projects surfaced up which is leadership development. Perhaps I can use me as an example. I knew I was not ready several years ago to serve as region chair and 2nd VDG due to my work. I kept letting many leadership development opportunities passed by and I kept telling myself I would attend those LDPs when I am ready. Well, I made mistakes by thinking I can wait. Shortly after I decided to run for the VDG, I realized that I have missed a lot of opportunities to learn the needed knowledge and skills. I was very nervous and uncertain if I am capable to fulfill my duties. I managed to attend several leadership development programs and each time I finished a course or a program, I felt more prepared and ready. Can you imagine if I grabbed some opportunities in the past so I would have more time to digest, to think about issues, to brainstorm with so many other Lions just in the north America, to come up with some solutions and test them out? I am sharing this experience to call upon anyone in our district who even has the slightest interest to serve in the cabinet, zone chair, region chair, and VDGs to try to attend as many leadership development programs as possible. This will help you to understand what each position is doing and prepare yourself once you are ready to step up serving those positions. This will also help the district to identify and prepare future leaders. Please let me know if you are thinking about any of these positions and we can work out plans.

Speaking of future leaders, part of my tasks this year is to fill various district level positions as well as zone chairs for the next Lion year. Please let me know if you are interested in any position or if you have any questions/suggestions/comments about any position.

Hseuhming Tommy Lu

MESSAGE FROM LINDA MITCHELL

Montreal

I wasn't going to write any more

However I felt you would like to hear that our end of term wasn't a bore.

On Wednesday we headed north when half way through New Jersey I said, "Guess what I forgot dear?"

All our hanging clothes were still hanging on the door, wasn't what he wanted to hear.

Oh well, he said we are not going back.

We will make do with what else we have packed.

We were breezing right along until we hit Newark/NYC traffic

I am sure you can imagine it without a graphic

We persevered and finally made it through.

Spending the night in Glens Falls---dinner and the local brew.

David was glad to be back in New York with the beer from his college days

At his fraternity house it was one of the mainstays.

Genesse on tap at the Talk of the Town,

Labatts was also found

After breakfast at Kerry's Northbeach—a local favorite-- we continued our trip

Since I left all David's pants at home we took a side trip

Shopping is not one of David's favorite things to do

Especially if it means trying on clothes to see if they fit you.

JC Penny had just what we needed

Even an elusive pair of shorts—boy did I feel we succeeded.

We were fortunate that there wasn't much of a line at the border

Our passports and paperwork were all in order.

We arrived in Montreal only to find

Our room reservation was canceled by David Mitchell on-line

This David Mitchell was from NYC

Fortunately the Hotel Monville got busy

While they were figuring everything out

We visited the Convention registration where we were in and right out.

When we got back they gave us a room and told us all our belongings were there.

When we got there ---- nothing of ours was in the room anywhere.

It wasn't long before our stuff arrived.

The only thing missing was my jacket and sweatshirt but I will survive.

Together We Can...Grow Our Service

MESSAGE FROM LINDA MITCHELL - continued

Montreal is an interesting city
 Construction everywhere to keep people busy.
 We tried a Peruvian restaurant for dinner
 The seafood croquet was a winner.
 The next day we checked out the exhibits at the Convention Center
 There were Campfire Sessions and lots to see but the Lions Store was the Winner.
 The line was extremely long but David had things he wanted for the folks back home
 I agreed to wait in Little did I know that it would take over two hours to reach the end
 By that time I had made several new Lions friends
 As Murphy's law would have it
 Just as we got to the check out their computers quit
 We persevered and I was so glad
 To find David and see what fun he had.
 The days flew by and we enjoyed when Lions we knew walked by.
 Saturday morning was the parade---MD22 with our red, white and blue vest to help identify.
 Bijoy and Roderick assembled all the flags and banner
 Carol reminded us to walk in an organized manner.
 There were USA flags to give away
 The Leos had fun trading pins as the parade made headway.
 This was the coolest parade I remember
 We were not overly hot and glowing like an ember.
 I must say we found a great place to eat after we were done
 The sangria was very tasty and not to be outdone.
 During the first business session we heard the nomination speeches.
 The time keepers were like overpowering beeches.
 The International Show was Smoky Robinson---what a show
 He is still going strong, what a dynamo.
 The Opening Plenary Session is so special to see
 As all the flags of the countries who are part of the Lions family tree.
 When this was over there was a mass exodus to get to the bus
 We took our time and made more friends as we waited until it was time for us.
 The days blended together as we tried to fit everything in
 Seeing all the impact Lions have made around the world time and time again.
 There was our Mid Atlantic Breakfast where all the candidates stopped by to say hello
 Sharing how they were going to help Lions grow.
 Trying to find a place to eat was sometimes quite a chore
 We even were thrown out of Burger King---it was closing time and we couldn't sit there anymore.
 We finally arranged to meet friends from MD22 for dinner.
 The Ben and Jerry's at the end was the winner.
 All to soon the final day was there and David's year was done
 As DG Daniel tore off his ribbon and is ready for the fun.
 President Brian Sheehan is now the leader of the Pride
 His motto is together we can---Lions making a difference world-wide.
 As David and I headed home from Montreal it was bitter sweet.
 We loved serving with you and look forward to what 22D can now complete.
 Good Luck DG Daniel and Lion Jessica---together we can.
 We look forward to hearing your plan.
 line while he had time to roam

DELAWARE HEARS NEWS!!!!

SUMMER EDITION 2022

This a periodic summary of news and information for Delaware Deaf, hard of hearing children and adults, their families and friends!

Our mission in "Delaware Hears" is to keep both consumers, families and others with the latest events, information, news and resources to help children and adults in Delaware and those in Delmarva regions with hearing loss! This is a publication of the Hearing Loss Association of Delaware(HLADE). The mission of HLADE is to give help and hope to deaf and hard of hearing children and adults with hearing loss!"

DELAWARE NEWS!

HLADE "Circle Chats in Newark and Kent/Sussex(Dover) will not be meeting this summer!!

See you in September on the first Tuesday in Dover at Modern Maturity Center at 1pm and at the Newark Senior Center at 10am on the second Thursday of the month! Happy Summer Everyone!

Delaware Legislature ends session!

There were 2 bills proposed in the session ending 6/30/2022 that impacted people with hearing loss. One was **HB364** to create a "Registry of Interpreters for the Deaf" that HLADE and numerous others **opposed**.

The primary sponsors were Representatives Heffernan, Poore and Cosponsors were Rep Ennis, Bolden, King, Longhurst, Mitchell and Osienski. As soon as HLADE learned of this bill, we wrote a position paper and talked with Kyle Hodges, SCPD consultant for the SCPD "Deaf and Hard of Hearing Workgroup." We wrote a policy position, suggesting a licensing bill and numerous changes but the State Council on Persons with Disabilities still tried to get it passed! HLADE and other groups advocated and were successful in killing the bill for now! HLADE is open to creating a licensing bill that will involve a grassroots coalition effort with deaf and hard of hearing people across the state that will make sense and serve our constituents well! Thanks to all who helped our effort!:)

SB272 to Allow Delaware to Join the Audiology and Speech Language Pathology Interstate Compact.

This bill would weaken licensing requirements for speech pathologists and audiologists and accept people to come from other states to practice. HLADE recommended that this bill be **tabled** this year for further study.

Deaf Seniors Meet at Newark Senior Center!

Grace United Methodist Deaf Ministries Partners with Newark Senior Center! You are invited to attend this meeting of deaf and hard of hearing seniors on the third Wednesday of every month from 10am -2pm for Bingo and other activities including lunch! This is a good opportunity to practice or learn some sign language too! See the flyer below for contact info and more!

The cost may be between \$300 -\$800 and the Hearing Loss Association of America and others have long advocated for these OTC hearing aids!

Researchers at Columbia University Vagelos College of Physicians and Surgeons has found that even the earliest stage of hearing loss, when hearing is considered normal-is linked to cognitive decline! Only 14% of adults in the U.S. wear hearing aids. For every 10db of hearing loss, there was a significant decrease in cognitive ability! Hurricane Ida flood clean-up

JULY 2022 WORK LIST SUMMARY DEVOAD

We speak with the owner at 1233 N. Heald Street at least once a week. She has two areas of mold growth. One on the first-floor landing area to the basement and a smaller area in the kitchen by the backdoor. A city inspector that came to check on the water installation noted to musty smell and commented on the presents of mold. She needs the mold removed before the drywall contractor can come in and install new drywall and insulation. She does not have the money to get a commercial operator to remove the mold and pay for drywall and insulation.

We have an owner on 1109 E. 14th Street that has mold in the foyer area that needs to be removed and sprayed.

We have an owner at 1209 Vandever Avenue that just called about mold in the basement. She was on our list for yard debris removal that we completed. A plumber she hires to repair some pipes in the basement told her about the mold and it needed to be remediated before he could work in the basement.

We have a homeowner on 1213 Vandever Avenue that needs carpet removed from the living and dining area and mold remediated. The have active mold in the basement.

We have 10 homes on Davis Street that need to be inspected to determine if mold is an issue.

We have 2 on Cade Street that say they can see mold on the 1st flood wall.

We have a on home at 1131 E. 13th Street that needs about a 12 x 8-foot section of drywall and insulation removed, sprayed to remediate mold, and replace the removed drywall and insulation.

We are working on training in mold remediation but that will be weeks away. We need trained people, now.

Work Schedule July 2022

Please see the attached July 2022 calendar for the preferred workdays. We start registrations at 8:30 am and quit about 3:30 pm, unless we finish the scheduled work sooner. The meeting location will be determined by work locations. Advanced notice required to coordinate volunteer crews and contact homeowners for availability and access to their properties.

Weekday volunteers, see the July calendar. The preferred days are Tuesday, Wednesday, and Thursday but we may be able to accommodate some change.

Since we must contact the homeowners for their availability, we need to know, in advance, the organization, skills, number of volunteers, and the hours each volunteer can work. This will enable us to figure out the type of jobs we can take on.

If you or your organization wishes to volunteer, contact Marty at (302) 357-7396 and we will try to arrange work to fit the skills and number of volunteers available.

What You Need

You will need long pants, sturdy shoes, and safety glasses. Depending on the work you may also need, heavy work gloves (we have limited gloves but not heavy) and masks (we only have KN95). The work environment will dictate the type of mask required. Mold is the biggest concern.

Type Of Work

- Inspection of properties to see if mold exists and the severity
- Spray to remediate mold
- Carpet removal
- Removal of drywall, insulation, and carrying to the street
- Yard and alley cleanup and take debris to the street
- Replace molding and base boards

When volunteering a level of awareness is need for your safety. Because we are recovering from a flood event, mold is an issue. Since the State does not have formal program, we have contacted a commercial company to offer training. **We have a Mold Remediation program scheduled on July 23rd in Townsend, DE.** More information on this event will be available shortly. If you would be interested in training, please let us know.

We have about thirty-seven properties that still need assistance. We prioritize the properties to help as many homeowners as possible with our limited resources get back into their homes.

REGION ONE CLUB HAPPENINGS

Bellefonte Lions Club

IPP Lion Scott Michels put together a very successful project called a “Do Good-a-Thon” that ran from May 30, 2022 to July 9, 2022. The whole idea behind the project was to have groups of people who are doing good deeds all the time, like Lions, compete in a fun way to see who could do the most-good deeds in that time period. The Do-Good-Thon ended with a grand celebration on Saturday, July 9, 2022 from 5 to 8 PM at the Museum of Contemporary Art. There were food trucks outside and inside there were tables set up by some of the “do-gooder” groups where visitors could do service projects, like caring for the homeless with gift bags or writing cards to Vets in Veteran Homes or putting bags together for children in the hospital with cancer.

Lion Daron Swann (Timeless Thomas)

entertainment at the Do Good A Thon.

Brookside Lions Club

Hope to see more members in attendance at the next meeting! Duffer's has a handicapped ramp, plenty of parking, the space where we meet is very spacious, and the food was very good!
