**ISSUE 2
AUGUST 2022**

Together We Can...Grow Our Service!

DG Daniel's Message

Hello Lions,

This past week our Multiple District celebrated 100 years of Lionism in Delaware, Maryland, & Washington DC. It was a fabulous event that was coordinated by PCC John Lawrence with help from a great committee that included PDG Kenny Vincent and IPDG David Mitchell who helped with the registrations! International President Brian Sheehan and his wife Lori visited our multiple and spent the weekend inspiring, motivating, and energizing all of the Lions in attendance. Our district was well represented attendance wise. The weekend was filled with fun, fellowship, great music, and service. We helped host a Unified Games event with the Special Olympics at Towson University and had multiple Delaware Lions playing Bocce Ball alongside 16 Delaware Leos that travelled up in a bus from Wilmington for the day! International President Brian Sheehan took the time to personally thank the Edgemoor Leo club president Leo Keenan for helping to organize his club's attendance at the event. All who gathered together for the event enjoyed and appreciated the focus on the importance of inclusion and helping to empower the Special Olympics Athletes. The Saturday event featured music by the Fabulous Hubcaps and Lions danced all night long to the sounds of the 50s, 60s, and 70s! As a part of the centennial, there were historical displays that include a wonderful hand stitched map of Delaware that displayed all the clubs that were active in our state almost 30 years ago.

At the event, two Delaware Lions were recognized by International President Brian Sheehan for their extraordinary service. As District Governor, I was given the opportunity to nominate them for the fourth highest award in all of Lionism, the presidential certificate.

DG MESSAGE - CONTINUED

While I wish I was able to recognize every single Lion who goes above and beyond the call of duty in this state, I appreciated the chance to be able to have the service of Delaware Lions honored at the 100th anniversary. Due to the circumstances of the event, I was not able to publicly convey the reasons why they were being honored, so I want to take a moment to highlight the work that they have done here in this column.

Presidential Certificates were awarded to PCC Clyde Bragg and PDG Robert "Bob" Jones.

PCC Clyde's work leading the Delaware Lion Sight team throughout the pandemic has ensured that eyeglasses are being recycled and shipped to those in need in third world countries even in the midst of a global lockdown, and his role as the "un-official" tail twister for District 22-D has been exemplary. He has helped raise significant funds for the DLF and other foundations with his fun and engaging 50/50 raffles.

PDG Robert "Bob" Jones been an excellent champion of the Leader Dog program for both District 22-D and our MD. Time after time he manages to put together incredible events with inspirational speakers and has ensured that Delaware Lions know and love the Leader Dog program. He has also been very active in leading trainings for our officers and new Lion club members throughout our state. With the help of his wife PDG Cheryl, he has also been a key component of providing the technical and audio assistance to more events than I can count.

If you see either PCC Clyde or PDG Bob at an upcoming event, make sure to congratulate and thank them for the great work they do as Delaware Lions!

With the celebration of 100 years of history concluded, it is time that we turn our eyes and our efforts to the future. How will we, as Delaware Lions, ensure that there are people celebrating 200 years of service long after we are gone? What steps are we taking to make sure that we are revitalizing our clubs, recruiting new members, adopting new service projects, and finding new and innovative ways to raise funds in our community? The challenge of preserving our legacy while at the same time creating new opportunities for service is not an easy one but I believe we are up to the task. In the next month we are conducting a revitalization recruitment drive for the Middletown Lions club, working on re-establishing a downtown Wilmington Lions club, and I will be beginning my visitations throughout the state. I look forward to seeing you all in person very soon.

Yours in Lionism,

Lion Daniel Marney Elkins (DG)

VDG TOMMY LU'S MESSAGE

Hello, Lions of 22-D:

What an exciting event of Banner Transfer! I saw so many Lions moving and shaking their lovely Lion body along with the rhythm of the drumbeat. PID Ted parade in just like a band leader. A great turnout marked a great start of this Lion year. DG Daniel once again made us excited to serve and young again!

August is another busy month for planning activities. By the time this bulletin is published, I hope everyone has received DG Daniel's courageous initiative canvassing a new club in the Middletown area. There have been several new club development online meetings and I hope club membership chairs, club presidents, and all interested Lions can make it to the Middletown on August

19, 20, 21, 22 to participate and practice on new club and membership recruitment. I know I can make presentations in the classrooms or at conferences, but I am not good at approaching people and ask for things. This would be a good opportunity for me to "break" my barrier to talk to people.

There are many foundations/organizations within Lions that we support. Since I have a page in the bulletin, I would like to take this advantage to refresh them. This can be viewed as either new member orientation or member retention (why do we join). The first one I would like to mention is Lions Vision Research Foundation (LVRF). I would like to thank PDG John Shwed for his help and guidance.

LVRF (Lions Vision Research Foundation) (<http://www.lionsvision.org/>)

The LVRF mission is to support the Wilmer Eye Institute at Johns Hopkins in the areas of LOW VISION to include clinical services education research.

Low vision is defined as visual acuity of 20/50 or worse in the better eye while wearing glasses or contact lenses and/or blind spots or loss of peripheral vision that interferes with the performance of everyday activities.

Lions Low Vision Rehabilitation Center

Through the Lions Vision Center (LVC), the Lions Vision Research Foundation and Wilmer are committed to supporting low vision research and rehabilitation to minimize the disability caused by low vision and blindness. The Center's professional staff includes physicians, optometrists, research scientists, rehabilitation therapists, and ophthalmic technicians. Together they have created a low vision rehabilitation program that has become a model for clinics elsewhere.

Continued on page 5

VDG TOMMY LU'S MESSAGE - CONTINUED

The LVC has three integrated missions: research and development, education, and patient care in low vision (uncorrectable vision loss). All three missions brought to bear on the search for an understanding of the causes of low vision, better management of patients, and, ultimately, effective treatments.

What the Center Offers:

At the Low Vision Rehabilitative Service, a multidisciplinary team of doctors and rehabilitative specialists works closely with the patient, family, friends, and the referring doctor to assist an individual in regaining function lost by visual impairment. This typically includes addressing vision issues such as diabetic retinopathy, glaucoma, and macular degeneration, which cause problems with reading, driving and activities of daily living.

Major fundraiser events:

Aim for Sight – a fun sporting clays shooting event for LVRF. One is offered in the eastern shore at the Schrader's Outdoors, 16090 Oakland Rd., Henderson, MD on 10/15/2022 and the other one is offered in the western shore at the Maryberry Road Shooters, 2555 Mayberry Rd., Westminster, MD on 9/24/2022

Challenge grant for Endowment Fund Fellowship at the Wilmer Eye Institute. Our very own Pike Creek – Green Hills Lions Club has challenged MD 22 clubs to match dollar for dollar contribution to a maximum of \$30,000. The challenge period is between 9/1/2022 and 12/1/2022. In addition, if 90% of the clubs contribute at least \$50 to LVRF, the Pike Creek – Green Hills Lions Club will donate additional \$1,000 to the district.

Vision Days

Each club can make contributions to LVRF anytime. All gifts should be sent to: LVRF, Inc. PO Box 1714, Baltimore, MD 21203-1714

August, 2022

Now that “Campaign 100” is over, it is time to figure how District 22 D can participate in using these funds to better serve those in our communities who need our help. Worldwide Campaign 100 raised over \$325 Million and District 22 D raised \$629,266 which was 266% over our goal.

There is still a need to continue to support LCIF this year and District Governor Daniel Marney Elkins will be setting the LCIF goals for this year along with his two LCIF Co-Coordinators, PDG Karl Gude and myself, PDG Ken Chew. We all know of the continuing needs for our world and even places nearer to our own communities, like Ukraine War Refugees and the floods in Kentucky.

Your own local communities have people who need our help and LCIF can provide funding for these local projects through the DCG grants. Some clubs with District support have use these grants to support local club projects like the Spot Camera (\$8,000) that the Bellefonte Lions Club purchased; the Equestrian project for blind persons (\$800) that the Pike Creek – Green Hills completed, and the most recent project, the Topcon SL-D701 LED /Slit Lamp (\$10,890) that was purchased for the Eye Bank of Delaware Valley. These projects were made possible with Club and District Contribution to LCIF.

PDG Karl Gude and I, PDG Ken Chew would be glad to explain to any Lions Club how you can access these funds. Just contact us and we can help!

CLAYMONT TOURS EYE BANK OF DELAWARE VALLEY! **CELEBRATING 65 YEARS OF SERVICE**

On July 19th, 8 Claymont Lions toured the Lions Eye Bank of the Delaware Valley located in Philadelphia. We received a warm welcome from the staff who also shared a historical presentation on the Eye Bank.

The Eye Bank has grown from one to two donors, in the early days, to approximately 1500 eye donations annually, allowing for the facilitation of over 1000 cornea transplants annually. The advancements in technology have allowed this to happen. Lions should be proud of how our donations are being managed.

Attending the tour were: Lions Glenn and Gail Williams, Frazier Van Velsor, Harry Grandel, Bob and Fran Hershberger, Nancy Zaborowski, Sandy Pierson and Jerilyn from the LEBDV.

Congratulations to the Claymont Lions Club for 2021-2022 District Recognitions
