

*Together We Can...Grow Our Service!*

## DG Daniel's Message

Hello Lions,

As I sit and write this letter, both Lion Jessica and I are in attendance at the USA/ Canada Lions Leadership Forum just north of Montana in Calgary, Alberta, Canada. We are surrounded here by over 1300 Lions who have come together to share in fellowship and fun, and to have the chance to learn how to better serve our communities. I know that many of you have attended functions like this in the past, but for those of you who have never experienced it, making the trip to a Leadership Forum is something I truly believe all Lions should find a way to do at least once in their lifetimes.

It is so inspiring to be surrounded by countless Lions who have come to learn and help develop their leadership skills – and it's great fun to compare notes on what our various clubs are up to with new friends from all over the USA and Canada. Part of the joy of being able to talk to Lions who serve in different communities is gaining new perspectives and insights on how to more effectively serve as a Lion. This helps us escape the feeling that we and our fellow club members already know everything there is to know about community service and Lionism – that there isn't anything left to learn. If that feeling takes over, it can dampen the club's sense of its own effectiveness and impact.

In fact, I believe that the ability and desire to be a continual learner is an essential trait for all Lions. The more we learn, the more we can increase our capacity to serve -- as long as we are learning, we are growing -- and as long as we are growing, we are still young in spirit! Here at the Forum, there is something for everyone - from sessions on fundraising, to membership, to out-of-the-box topics like the one I enjoyed today about how the lessons taught by the Star Trek TV series can make us better Lions! (It came complete with presenters wearing Star Trek uniforms!)

While you may not be able to get to this year's Forum, there WILL be a Regional Lions Leadership Institute held at Camp Merrick in Maryland from November 4th to 6th. Information and registration for that institute is contained within this very bulletin. How wonderful it will be to learn and grow together with Lions from Delaware, Maryland, and D.C.! I encourage you to join us for this rewarding experience.

Keep on serving, keep on learning, keep on growing. Together We Can.

Yours in Service,

Lion Daniel (DG)

## VDG TOMMY LU'S MESSAGE

Hello, Lions of 22-D:

As we start activities in the new Lion year, I want to share some experiences I had in August and perhaps plant some seeds for our future growth. I had a pleasure and privilege to shadow Lion Tim Kershner from Ohio MD 13 for a day and witnessed how to approach people talking about Lionism. Lion Tim came to our district as a LCI consultant of new club development and membership recruitment. I drove him around to different locations such as community centers and libraries and he kindly coached me many skills on approach people. I was always reluctant and even little afraid to approach people I don't know. However, Lion Tim demonstrated his talent and showed me some good examples. With his encouragement, I walked up to a group of Indian Americans at the Chinese American Community Center and talked to two of them.

Who knows, I might just open a door to a specialty group.

We know one of our major challenges is membership. Do you know in addition to regular, affiliate, and family memberships, we

can also have branch and specialty clubs? We only need 5 members to form a branch club and that club does not have to be in our local service area. The same thing applies to the specialty club. The specialty club is focused on one specific area to serve and of course can be expanded. This means we can partner with other nonprofit service groups to create specialty clubs.

This month I would like to refresh Leader Dogs for the Blind program. I would like to thank PDG Bob Jones for his help and guidance.

Leader Dogs for the Blind (<https://www.leaderdog.org/> )

The mission of Leader Dogs for the Blind is to empower people who are blind or visually impaired with lifelong skills for safe and independent daily travel. It was founded by three Lions in 1939 and is 100% funded through philanthropy and donations without federal, state or insurance support. All leader dog services are provided free of charge.

Do you know just in the United States, 1,300,000 people are legally blind and 75,000 people become blind or visually impaired every year? 90% of them live in low-income settings, 60% of those who are working age are unemployed, 43% live with depression, and only 10% travel independently with a cane or leader dog. Leader Dogs for the Blind program and services increase their confidence, health, reconnects them with their community and open doors to education and meaningful employment.

## *VDG TOMMY LU'S MESSAGE - CONTINUED*

Leader Dogs for the Blind program offers Guide Dog Training (<https://www.leaderdog.org/programs/guide-dog-program/>), Orientation and Mobility (O&M) Training (AKA white cane training) (<https://www.leaderdog.org/programs/orientation-and-mobility-training/>), and Summer Experience Camp (<https://www.leaderdog.org/programs/summer-experience-camp/>), and T.O.M. (Technology, Orientation & Mobility) Talks (<https://www.leaderdog.org/programs/tom-talks/>).

Lions and Leader Dog (<https://www.leaderdog.org/lions-club/lions-and-leader-dog/>)

Three Lions, Charles Nutting, Donald Schurr, and S.A. Dodge from the Uptown Lions Club of Detroit established the first leader dog school in 1938. In May 1939, the newly formed Lions Leader Dog Foundation leased a small farm in Rochester Hills, Michigan and evolved to today's Leader Dog campus. It now has 14 acres with 400 dogs providing year-round trainings. There are three Top Dog Clubs in our district: Claymont, Wilmington Manor, and Dewey Beach. Our district also has made several bus trips to the Rochester campus in the past to tour the facility. One interesting activity during the visit is the famous chili and donuts lunch. It went back to the days when Lions would arrive on campus from morning to mid-day. The staff prepared donuts ready to greet the early arrivals and chili for lunch. Today, the campus serves the homemade chili and (gigantic) donuts at lunch. When we have our bus trip next time to Rochester, we all can look forward to this special meal. Other highlighted activities include blind fold cane walk and blind fold leader dog walk. Wilmington Manor Lions Club is hosting its "Dine in the Dark" event. It would be very interesting but I would suggest those who plan to attend do not wear white pants. (Wink! Wink!)

### *Diabetes Awareness*

#### **Diabetes Awareness: A World Cause and Major Commitment for Lions**

Lions, it is almost a numbing feeling to read the numbers. According to International Diabetes Foundation statistics ([www.idf.org](http://www.idf.org)) over 537 million adults aged 20 to 79 years have Diabetes and another 541 million are at increased risk of developing Type 2 diabetes due to unhealthy life style, poor nutrition and other contributing factors. According to the American Diabetes Association, over 37.3 million Americans or 11.3 % of the population have Diabetes and approximately 1.4 million Americans are diagnosed with this disease on an annual basis. Closer to home in our state of Delaware, over 91,300 or 11.7% of the adult population have diagnosed diabetes yet alarming estimates from the CDC report that an additional 268,000 Delaware residents have a “prediabetes” condition where your blood glucose levels are higher than normal but not yet high enough to be diagnosed as diabetes. The serious complications of diabetes include heart disease, stroke, amputation, kidney disease and blindness. Diabetes is still listed as the seventh major cause of death in the United States and during the COVID-19 Pandemic, it is estimated that 40 to 45 percent of those who passed away from Covid were also diagnosed diabetics or those who were carrying symptoms of prediabetes.

Lions Clubs International continues to include “Diabetes Awareness” as one of 5 Major Causes for all lion members worldwide and diabetes awareness crosses into other lion focus areas like vision, hunger, youth, humanitarian care and disaster relief. As lions we are asked to deliver information and to assist where we are able to reduce the prevalence of diabetes and improve the lives of those living with diabetes in our service areas and beyond. We are hoping to provide clubs with some partnering opportunities for service in diabetes awareness throughout 2022-2023 and I hope that each of our clubs in 22-D will plan a program on diabetes sometime this service year. November 2022 is Diabetes Month in the U.S. and internationally while Monday, November 14, 2022, is observed as World Diabetes Day.

I encourage our clubs to reach out and invite a medical professional working in the area to visit your club and give a talk on diabetes. Physicians, nurse practitioners, pharmacists, certified diabetes educators, optometrists, registered dietitians, podiatrists, and others are capable of highlighting key areas of prevention and inform on living a healthier life. I am also available to visit a club onsite or through zoom to provide a program and highlight some issues for lions and how we can better serve our communities in promoting diabetes awareness and action.

I am grateful to DG Daniel Elkins for this opportunity to serve District 22D in this area. Please contact me if I can assist in any way. Thank you for your time.

Lions Clubs International  
**FOUNDATION**

September, 2022

As we look in the rearview mirror at our very successful "Campaign 100", we need to refocus on LCIF donations for this Lion Year and how we can best continue to support LCIF. DG Daniel Marney Elkins has send that his LCIF goal this year is to encourage every Lion to watch this LCIF Telethon and make a personal donation.

Every day we hear of the world's needs like the refugees from the war in Ukraine, the horrific floods in Pakistan, and famine that is taking place in Northeastern Africa. At home we had floods in places like Kentucky, fires in the states of California and Oregon. Campaign 100, as successful as it was, can't cover all the LCIF needs and so we need to continue our support both at the club level and at the personal level.

Last year, District D Lions Clubs and Lions donated \$176,196.46 as part of "Campaign 100". This year the District is off to a very slow start, having donated only \$2,433.00 so far. As clubs begin to meet in person and do your fund raisers, the donations to LCIF should pick up.

PDG Karl Gude (South) and PDG Ken Chew (North) would be happy to speak at either a zone or club meeting to explain the many ways Lions Clubs and Lions can continue supporting **LCIF, Our Foundation**.

Yours in Lionism,

PDG A. Kendall "Ken" Chew, III, LCIF Co-Coordinator

## Lord Baltimore Lions hold annual cookout for Special Olympics athletes

An annual highlight for members of the Lord Baltimore Lions Club occurs every August as the Lions have the opportunity to cook for the Special Olympics athletes enjoying the camp experience at Camp Barnes near Frankford. The young people enjoy the facilities of the camp and on one evening, the Lions enjoy meeting with them and preparing a meal of grilled ham-burgers, cheeseburgers and hotdogs.

This year, the Lions cooked for the first group of athletes on Sunday, Aug. 7, and again for another group on Monday, Aug. 15. During both days, the groups comprised approximately 100 athletes and more, including staff and other volunteers. David Halley, the new president and CEO of Special Olympics Delaware was on hand to greet and thank the 15 Lions who worked both sessions. The weather was good both days, organizers said, adding that the renovated dining hall was comfortable and only made the meal taste better.

In addition to supporting major world causes including vision, diabetes awareness, hunger, the environment, youth causes and fighting childhood cancer, the Lord Baltimore Lions strive to remain active in supporting community causes,

## Firecracker 5K donates nearly \$13K to Bethany Fourth of July events

On behalf of the more than 1,100 participants, as well as direct donations, Focus Multisports recently donated \$12,928 to Bethany Beach's Fourth of July celebration from the annual Firecracker 5K Run/Walk event. The donation was presented at the Aug. 19 town council meeting.

"A great time was had by all at this festive event from the packet pickup at the Harvest Tide event space to the colorful race itself, supported by the motivating sounds of DJ Rupe," said race directors Rick Hundley and Ernie Felici. "Each participant received a colorful July 4th-themed shirt, along with a keepsake personalized event bib for those who registered in advance, along with entrance to the finish-line celebration. The age group awards were plentiful and appreciated."

"Kudos to the Lord Baltimore Lions Club, who did an awesome job assisting with the packet pick-up and race production," they added. "A well-earned thank-you to the Bethany Beach Police, Bethany Beach Public Works and the Bethany Beach Volunteer Fire Company for their participation in helping produce a safe and fun event for both runners and walkers alike."

Focus Multisports is a Delaware-based non-profit multisport company, owned and operated by USAT Level 1 Race Director and USATF Coach Rick Hundley and USAT Level 1 Race Director Ernie Felici. To date, their efforts have yielded more than \$550,000 in charitable donations benefiting local charities and volunteer organizations.
